New Perspectives 2018

June 18 2018

Who Are We?

If you ask the wizard of the earth.....

A screenshot of a Google search interface. The search bar contains the text "fspa". Below the search bar, the "All" tab is selected. The search results show "About 333,000 results (0.35 seconds)". The first result is "Franciscan Sisters of Perpetual Adoration (FSPA) - La Crosse" with the URL "https://www.fspa.org/". The second result is "FSPA" with the URL "www.fspa1.com/". The third result is "Florida Swimming Pool Association - Find a Florida Pool Pro" with the URL "www.floridapoolpro.com/". The fourth result is "FSPA - home" with the URL "https://fspa.wildapricot.org/".

Who Are We?

The screenshot shows the FSPA website on a browser. The browser's address bar displays 'fspa.fnal.gov'. The website's header features the Fermilab logo and a navigation menu with links: Home, About, Science, Jobs, Contact, Phone Book, Newsroom, LBNF/DUNE, Come visit us, and Resources for. A search bar is located on the right side of the header. Below the header, a large blue banner displays 'FSPA'. On the left side, there is a sidebar with a green header 'FSPA' and a list of links: Current officers, Events, New Perspectives 2018, Resources, and Guide to life. A search box is also present in the sidebar. The main content area has a blue header 'FSPA' and a section titled 'Who are we?' with a paragraph describing the FSPA as the community of early career researchers at Fermilab. Below this is a section titled 'What do we do?' with a paragraph about social events and a link to the mailing list. To the right of this section is a photo of the FSPA Officers 2017-2018. Below the photo is a caption identifying the officers: Thomas Carroll, Midhat Farooq, Aleena Rafique, Mônica Nunes, Xuan Chen, and Karl Warburton. At the bottom of the main content area is a section titled 'The FSPA mission' with a paragraph about the FSPA's role and a list of mission points.

FSPA

Who are we?

The Fermilab Student & Postdoc Association (FSPA) represents the community of early career researchers at Fermilab, including all students, postdocs, summer students, and interns.

What do we do?

We host social events throughout the year. And, we're a great resource that's available to you if you've got any questions or problems while you're at Fermilab. **Be sure to subscribe to our mailing list, fnalgrad@fnal.gov, and like us on Facebook**, to keep up to date on all of the goings on this year!

The FSPA mission

Each year, a core group of democratically elected officers oversees the utilization of funds allocated to FSPA by the Fermi Research Alliance (FRA), via the Fermilab Directorate, towards the accomplishment of two key aspects of the FSPA mission:

1. **Support the community of young researchers at Fermilab**

FSPA Officers 2017-2018: Thomas Carroll, Midhat Farooq, Aleena Rafique, Mônica Nunes, Xuan Chen, and Karl Warburton (left to right).

FSPA Serves To Help ...

Fermilab Student & Postdoc Association

- **F**orm deeper connections between early career researchers
- **S**hare cultural events and activities from various backgrounds
- **P**rovide support to the community of early career researchers at Fermilab
- **A**ct as liaison to the Fermilab directorate

FSPA Serves To Help ...

- **F**orm deeper connections between early career researchers
 - New Perspectives
 - Fermilab - Argonne Soccer Match
 - "Young Fermilab" Soccer Tournament
 - Fermilab Badminton Tournament

New Perspectives

The poster for 'New Perspectives 2018' is a collage of five images. The top-left image shows a large industrial facility with yellow overhead cranes. The top-right image is a long-exposure photograph of a particle detector showing concentric white tracks on a dark background. The middle-left image shows a large, red, rectangular detector component. The middle-right image is a computer screen displaying a particle detector's data visualization with a blue background and yellow tracks. The bottom-left image shows a close-up of a detector's internal structure with many green electronic modules. The bottom-right image shows a large, cylindrical, copper-colored detector component. The text 'New Perspectives 2018' is in large white font, with 'June 18-19' and 'Fermilab' to its right. Below the title, it says 'in conjunction with the 51st Fermilab Users Meeting' and 'A conference for early career researchers'. The bottom of the poster features the Fermilab, FERA, and FSPA logos.

New Perspectives 2018 June 18-19
in conjunction with the 51st Fermilab Users Meeting

New Perspectives

Thank You All!

- 149+ Participants
- 57 Submitted Abstracts
- 51 Contributions
- 8 Wonderful Chairs
- 8 Great Panelists
- 8+ Spokespeople/Div Heads
- 3 Amazing Administrators
- 1 Excellent Technical Support
- 1 Fantastic Directorate
- 1 Remarkable Event

New Perspectives - BBQ Tonight!

Look for this building!

Spreadsheet for Carpool: <https://tinyurl.com/NewPerspectivesBBQ>

Fermilab - Argonne Soccer Match

- 3rd annual event
- 7 - 4, we won the game last year!
- BBQ social for players and spectators at the barn

FSPA Serves To Help ...

- **S**hare cultural events and activities from various backgrounds
 - Halloween Party
 - Thanksgiving Potluck
 - Chinese New Year
 - Spring Potluck and Egg Hunts
 - Brazilian BBQ

Halloween Party

**Costume Contest
Winners**

Party Time!

Mad Scientists Band

Pumpkin Carving Winners

- Over 120 people attended the party!
- Live band
- Costume contest
- Pumpkin carving contest

Chinese New Year Party

- Had to reschedule due to inclement weather. Still had over 150 people in attendance!
- Dumpling Making
- Chinese calligraphy
- Karaoke
- Support from Consulate General of The People's Republic of China in Chicago
 - Counsels from the science group joined the party!

We Want to Share Your Culture

- Does your country/group have any great cultural events that you would like to share with the rest of the Fermilab community?
- Do you have some wonderful ideas about events/activities but don't know who to talk to?
- Contact us: fspa_officers@fnal.gov
- If you have ideas, we have resources
- Let's make it happen!

FSPA Serves To Help ...

- **P**rovide support to the community of early career researchers at Fermilab
 - Diversity and Inclusion (D&I) Activities
 - Career Activities

D&I Activities

- EDI 101 Summer Seminar Series
- FSPA D&I Panel - Diversity and Inclusion: Efforts at Institutions Across the Nation

EDI 101 Seminar Series

- Educate ourselves and raise awareness about issues concerning Equity, Diversity, and Inclusion at the lab
- Provide tools for users and employees to work towards a more inclusive environment

D&I Panel: Diversity and Inclusion Efforts at Institutions Across the Nation

- Have a dialogue about various efforts across the country
- Share ideas about what you can do at your institution or how you can get involved in current efforts

FSPA D&I & Career Panel

Today!

Diversity and Inclusion: Efforts at Institutions Across the Nation June 18 12:30 – 2 pm One West

The panel serves as a place where early career users and employees of the lab can come together to learn from each other about the various D&I efforts across different institutions, and possibly get ideas to create their own and/or get involved in D&I

FSPA D&I Career Panel

Paths to Tenure Faculties June 19 12:30 – 2 pm One West

Panelists:

David Martinez Caicedo (IIT/ SD Mines, Tech)
Sowjanya Gollappini (Univ Tennessee)
Mark Lancaster (UCL)
Greg Snow (UNL)

FSPA
Fermilab Student &
Postdoc Association

Tomorrow!

Career Activities

- FSPA Job Board
- FSPA Alumni LinkedIn Group
- FSPA Career Panel - A Discussion on The Application Process for Jobs at National Labs
- FSPA Career Panel - Paths to Tenure Faculties (Tomorrow!)
- Career Talks from Alumni
- FSPA Industry Job Expo - July 17th **Join Us!**
- Insight Data Science Workshop - July 19th **Join Us!**

FSPA Job Board & LinkedIn Group

New Job Board

<https://sites.google.com/view/fspajobboard>

FSPA Job Board

FSPA Job Board is a website designed for students and postdocs in High Energy Physics to exchange potential job information. These jobs do not necessarily have to be available. The aim is to catalogue information on types of careers/jobs that high energy physicists can go into. Jobs in industry and academia are all welcome. The summary will be updated every month. By clicking the summary icon on the top right of the web page, you can check the summary of all jobs.

[Post Jobs](#)

[Rules of posting jobs on FSPA Job Board](#)

If you have any question about this website, please contact: fspa_officers@fnal.gov

Career Panel & CV Review on Dec. 1st

- 2 panels consisting of Fermilab postdocs and research scientists
- Questions/discussions about applying to jobs at national labs
- Over 50 people attended + more called in on Zoom
- Lots of positive feedback - people want more!
- Recording available: <http://fspa.fnal.gov/career-panel/>

FSPA Serves To Help ...

- **A**ct as liaison to the Fermilab directorate
 - Work with Users Executive Committee and directorate
 - DC Trip

Directorate liaison

- Collaborate with Fermilab Users Executive Committee
 - Attend and report at the UEC meeting
 - Participate in the UEC sub-committees
 - Serve on organizing committee for the Users Meeting
 - Co-host events

Users Executive Committee

DC Trip

- Organized by UEC every year
- Meet with Congresspeople, Senators and their staff
- Educate Congressional offices about science
- Share our enthusiasm for the cutting-edge research with the congressional staff
- 137 offices have been visited by current or previous FSPA officers
- Two weeks after the trip, the Senate and the House passed the FY18 budget.
 - Office of Science is at \$6.3 billion and HEP is at \$908 million
